

N.E.R.D. On Jimmy Kimmel Live!

[youtube id="DVcTCQW2-yk"] [youtube id="L3uKB-V1ktQ"] N.E.R.D.'s *No_One Ever Really Dies* came out today and they performed "1000" and "Lemon" on *Jimmy Kimmel Live!* The video set for "1000" was rehashed for the performance and the latter took place outside. The troupe of dancers made their show more interesting than the average TV appearance for a rap-oriented group. Rihanna did not join them for "Lemon" but the crowd loved their performance and followed the lead of the dancers.
