

Full Crate Remixes Jungle's Back On 74

Full Crate has remixed Jungle's viral hit "Back On 74." The song from the British production duo was a TikTok favorite in 2023 because of Shay Latukolan's choreography direction. Full Crate slows things down and adds bass, piano, and more vocals. The original is peppy but Full Crate's version is a laidback groove suited for relaxing and a different kind of dancing. Simon Andre and Joshua Bryant played the basslines and keys on the remix. Jungle's "Back On 74" is from their fourth studio album *Volcano*.
