Lira is preparing for the release of her first US album *Rise Again* with the video for the single "Feel Good." The album comes out in April and she will go on her debut American tour in May. And judging by the concert footage for the video she should have no problems expanding her American audience.

**South African
Singer/Model/Actress Lira
Releasing American Debut
Album On Shanachie 5/14**

South African singer/model/actress Lira is releasing her American solo debut album *Rise Again* on the Shanachie label May 14th. "Feel Good" is the first single from the album which is a remixed collection of her South African hits. Lira already has two platinum albums in her native country as well as a triple platinum concert DVD. After appearing in the Italian film *Consul* and being on the cover of over 20 magazines Lira wants to add the United States to her international success.
