[youtube id="VwXAplv-Gk4"]

Southern rap queens Gangsta Boo, La Chat and Mia X join forces in the video for their Crunk declaration of independence called "Bitchy." DJ Paul, who produced the song, and Koopsta Knicca also make appearances in the video that has scenes of ghetto porches, Mia X at work in a warehouse and all of them in an unglamorous club that would never see the likes of Miley Cyrus. The Gangsta Boo and La Chat *Witch* CD will be released in May.
