# Trailer

[youtube id="F54kIhEQ7p0"] Spike Lee's documentary, *Michael Jackson's Journey From Motown To Off The Wall* will air on Showtime February 5th. Lee's film is a look into Michael Jackson's life from his days at Motown to his debut solo album, *Off The Wall*. Jackson's parents, Questlove, David Byrne and The Weeknd are some of the people who appear in the film and talk about his influence on their work. Lee uses his interviews with them and rare archival footage to map Jackson's path fromÂ from child and teen stardom to pop ascendance as an adult.
