

Chuck D, Bishop Lamont & Mykill Miers Collaborate On I Rap Black

Chuck D, Bishop Lamont and Mykill Miers flex their voices on “I Rap Black” from Swedish producer Max I Millions’ forthcoming *Maxtape Vol.1*. They critique America’s classicism, the current trend of “being woke” and police brutality. Swedish DJs Create & Devastate mixed the song and the new project. Devastate passed away last month and is remembered at the opening of the song. *Maxtape Vol.1* has a release date for sometime in the fall and there are features from CL Smooth, Skyzoo, Edo G and more.
