## PRhyme: Rock It & Era Official Videos

[youtube id="0rkprvDvCB0"] [youtube id="A80NsRb0uos"] PRhyme's sophomore album is one of the most awaited this year. DJ Premier and Royce Da 5'9"'s chemistry as infinite bearers of two turntables and a microphone is rooted in a Golden Era fierceness that never falters. The videos for "Rock It" and "Era" praise hip-hop and the later criticizes America's problems. Dave East appears in the "Era" visual for his verses celebrating a rap style he states is unusual for his average millennial peer. *PRhyme 2* will be released March 16th.

# PRhyme: Era Featuring Dave East

DJ Premier and Royce Da 5' 9" 's PRhyme 2 has a tentative release date of March 16th but the first single, "Era" featuring Dave East is out now. DJ Premier's '80s-styled beats comfort East's laments about being born at the wrong time for his love of the boom bap. The excitement of "Era" is creating pressure for the duo to release the new album as soon as possible.
