

Nottz Salutes The Black Woman With Rah Digga, Rapsody, Ke Turner & Nikki Grier

Nottz has collaborated with Rah Digga, Rapsody, Ke Turner and Nikki Grier on his latest single “Black Woman.” Their fiery dedication to the lives of Black women is the first song to be revealed from Nottz’s forthcoming *The Future Is Female*. The producer had plans to record 10 songs exclusively with women but once he sent 36 beats to different emcees and received finished responses to each one he decided to keep them all. Nikki Grier is singing the hook on “Black Woman” while Rapsody, Rah Digga and Ke Turner do all the rapping. Ladybug Mecca, Estelle and Lady Luck are a few of the women who have also worked on the project. Nottz’s *The Future Is Female* might make him the first hip-hop producer to create a full-length album with all women artists.
