

Raury: The Woods (Album Stream)

Raury shared his *The Woods* album today after posting the songs a few days ago indicating they were part of a larger project. The 22-song album has appearances from Corinne Bailey Rae, Mecca, Jaixx, Telana and Adia. The Georgia-based artist who recently parted ways with Columbia referenced the split on Twitter by saying that “Industry play too many games gonna just wing it, follow my heart and do it my way.”

Raury Shares His Disillusionment With The Music Industry On New Single Odyssey

Raury has new music with “Odyssey” and the song is about his journey in the entertainment industry. The folk and hip-hop styles fill the background as he raps about his desire to be the woods with his music away from the business. The artist talks about his break with Columbia Records, schizophrenia in his family and bad management.

Raury's Danny Parra-produced Butterfly Is A Lament On His Artistic Struggles

Raury's Danny Parra-produced "Butterfly" is a gloomy lament about his struggles as a genre-bending rapper in an industry that rewards "the wicked." He raps about his path from doing poorly-attended small shows to becoming financially successful and everyone "being friendly" with him. The other side of his career getting warm is finding out "all my heroes Â fake and all my idols false."
