## Ruth Koleva Revisits Stevie Wonder On New Single I Don't Know Why

Bulgarian singer-songwriter Ruth Koleva is releasing her sophomore album *Confidence.Truth* next month. "I Don't Know Why" recalls Stevie Wonder's '70s classic period that had a heavy influence on Jamiroquai and The Brand New Heavies. Koleva says the song was written while she was thinking about love and the patience it requires. *Confidence.Truth* will come out March 30th.
