

Sheefy McFly Is Edward Elektro Preview

Detroit artist Sheefy McFly is having his album released on Moodymann's Mahogany Music under his Edward Elektro moniker. McFly has recorded hip-hop, punk and house music and is responsible for The Air Up There hip-hop showcase in Detroit that has hosted Dej Loaf and Danny Brown in the past. McFly's *Edward Elektro* album is almost a throwback to the sounds of Detroit's Grand Pubahs and the city's seminal techno scene. You can buy *Edward Elektro* from Mahogany Music August 14th.
