Stones Throw just released the never-heard-before “Da Rawkus” from J.Dilla and Madlib’s Jaylib album. The song is part of the first release from Stones Throw’s [Vinyl Subscription](#) which makes all of their new vinyl releases available for \$250 per year. Jaylib’s *Champion Sound* originally came out 14 years but “Da Rawkus” was not included on the album. The *Jaylib Remixes* are coming out for the first time on vinyl in 2017 and “Da Rawkus” is the previously unreleased song in the collection.
