

Media Questions Of The Week

Why did E News! post a pic of Offset when reporting on the death of Takeoff from the rap group Migos?

ATTENTION!!!!

R&B artists and writers...please, please, PLEASE start making radio versions (I would ask to stop cursing so much in songs but I know that ship has sailed)

Y'all really don't have a problem with 5 and 6 sec blank spots in your singing? ?????

Will the R&B creators listen to Johnta Austin and start making more radio-friendly music without cursing?
