

The Jet Age Of Tomorrow Releases The Jellyfish Mentality

The Jet Age Of Tomorrow is the production duo of Matt Martians and Hal Williams of Pyramid Vritra. The Odd Future-affiliated group just released their third album, *The Jet Age Of Tomorrow* to the internet for free download. They call their sound Electric Sex and it's a meld of R&B, hip-hop, dance and electronic sounds with a list of collaborators including Jesse Boykins III, Syd The Kyd, Kilo Kish, Earl Sweatshirt, Casey Veggies, Mac Miller, Hodgy Beats, Domo Genesis, The Stepkids, Vince Staples and Mike G.
