Tiombe Lockhart struts her semi-nude figure through various outdoor scenes and a club in Costa Rica in the video for her new single "Gone." Lockhart says, "I wanted to show heartbreak through five different female archetypes:

- 1.The Crone, that lives at the bottom of the ocean, but came up in search for something.
 - 2.The opposite of her: The Fool, Peach on the Beach.
 - 3.Suicidal Housewife in the pool.
 - 4.The ATLIEN/Narrator that roams the ruins and jungle.
 5. And my favorite: the dancer, the most passionate and sexual of them all.â€
