Ozay Moore starts 2018 with his new album, *In The Wake Of O*. "WSTCST" is the newest single to emerge from the collection. Moore, Tony Ozier and Teeko provide vocals in front of Tall Black Guy's G-Funk inspired beat. The Lansing, Michigan by way of Seattle rapper promises his hometown that he will return one day. Moore explains,

*"In carrying out the theme of past, present and future on In the Wake Of O, it was important to follow up the notion of contentment heard on "Where You At?" with (of course) a statement of reflection and longing. In my case, that's to*

*one day return home to the WSTCST (West Coast)... namely  
Seattle... my birthplace."*
