

Silk Sing Girl U For Me On Unsung Live

Silk was the subject of the latest episode of Unsung and they performed “Girl U For Me” on the show’s live edition. Their 1992 debut album *Lose Control* was one of the strongest to emerge at a time when they were several male R&B groups. Silk’s Unsung episode was long overdue because even in their prime they were not as celebrated as some of their peers even though they had the talent. Silk released their *Quiet Storm* album in 2016 and you read their interview about it with this site [here](#). Watch their episode of Unsung below:
