

“The Wire’s” Wood Harris and Jamie Hector Reunite in New DVD Release

Beverly Hills, CA – With “legalize” as the fervent battle cry echoing throughout California, the All American Health & Healing Cooperative (<http://www.allamericanhealing.com>) is planning “It’s 4-20 Time,” a Hollywood style celebration to top all celebrations for 4-20 Day! 4-20 Day is an annual holiday of sorts that has become associated in pop culture as a special day for marijuana smokers. Actor Wood Harris (“The Wire”) will host, with a special guest appearance by rapper Nipsey Hussle, as Dr. Ingleweed, the proprietor of the South Bay area based medical marijuana cooperative, transforms a private nightclub location in Beverly Hills into a tropical green paradise on April 20, 2010. A green carpet, cloning classes and comedy show are only a tidbit of the tasteful delights in store for attendees.

Dr. Ingleweed has owned and operated All American Healing located at 126 ½ S. Market Street in Inglewood, CA since 2005. A pioneer organic green grower, and one of the original founders of the “Food for the Hood” program, he began growing cannabis in 1994 while attending college. His famed Doesha Cup events paved the way for celebratory events in the medical marijuana community at the onset of the legalization movement in Los Angeles. With the progress made over the past several years in the movement, Dr. Ingleweed plans to set a new precedent for 4-20 Day with a party that will be nothing less than spectacular.

Beginning at 4:20 p.m. a meet & greet will begin the revelry

with happy hour drink and medication specials. And for those who believe money doesn't grow on trees, they will be proved wrong at 6:30 p.m. with a hands-on cloning class that provides soil, a clone and a gallon of Dr. Ingleweed's Liquid Food.
