“Holdin’ On” is a collective effort with ADaD, Black Thought, Chicago soul artists Yaw & Khari Lemuel and Chicago producer Tensei. The survival anthem is the first song in rapper ADaD’s #drifted campaign and he says more music is coming before the end of the year.

Kickstart The Ones

Khari Lemuel and Yaw have been performing as The Ones for a decade. The Chicago based duo is raising money for their first proper album, *We Can Save The World* via Kickstarter. They are currently featured on Eric Roberson’s *Mr. Nice Guy* album. Check out the campaign and [their site](#) and seriously consider funding soul music from the ground up.
